

General Certs

General Conformance

Part #	Description	Applies to
CCONGEN	New product manufactured per Reotemp specifications. Includes warranty info.	New Product
CCONGEN-NIST	New product manufactured per Reotemp specifications and calibrated with NIST traceable instruments. Includes warranty info.	New Product
CofINSPECT	Inspected by Reotemp to conform to published catalog specifications.	Reotemp catalog part new or used

Origin

CERTORIGIN	New product with stated country of origin. Inspected by Reotemp and conforms to catalog specifications.	New Product
------------	---	-------------

** Please call 800-648-7737 for information on country of origin for specific products.

Material Certification

General Conformance

Part #	Description	Applies to
CMATBIM	Certifies materials of head, bezel, stem, and connection of bimetal thermometer	New Bimetal Therm
CCONTW-MAT	Certifies the wetted material of a thermowell ** Substitute "MTR" for "MAT" if a Material Test Report is needed	New Thermowell
CMATPG	Certifies materials of case, bezel, socket, and tube of a pressure gauge	New Pressure Gauge
CMATDS	Certifies materials of case, bezel, socket, and tube of a diaphragm seal	New Diaphragm Seal
CGlycerinUSP	Certifies that Glycerin used to fill pressure gauges is USP 99.5% Glycerin	New Pressure Gauge
CCNOMERCURY	Certifies that no mercury is present in thermometer	New Bimetal Therm

NACE Conformance

CERTPGNACE	Certifies that the Pressure Gauge or Diaphragm Seal is compliant with NACE MR0175	New Pressure Gauges and Diaphragm Seals
CCONTW-NACE	Certifies that the Thermowell is compliant with NACE MR0175-03	New Thermowell

3-A Conformance

3A-INST	Certifies that the material used in instrument conforms to 3-A requirements	New Products
3A-TW-CMAT	Certifies that the material used in instrument conforms to 3-A requirements	New Thermowell

Oxygen Cleaning

General Cleaning

Part #	Description	Applies to
CCOXY-ASMEB40.1	Certifies gauge has been inspected to be free of oils and residue per ASME B40.1 requirements	New or Used Pressure Product
CCOXYIEST1246A	Certifies gauge has been cleaned to IEST-STD-CC1246 Level A** ** Other Levels are available	New or Used Pressure Product
CCOXYMIL1330	Certifies gauge has been inspected to be free of oils and residue per Mil-1330 requirements	New or Used Pressure Product

This is not a complete list of the certifications Reotemp can provide with new manufactured goods or used product. Please contact Reotemp Customer Service or your local distributor with questions or for pricing information.
